COMMUNIQUÉ # 1407 THURSDAY 22 MAY

UNITY! FREEDOM! SOCIALISM! - ONE CIVIL SERVICE UNION, ONE GLORIOUS DESTINY!

DEFEATED

Chelsea Fan Last Night
Somewhere in Brighton

Round and About - By Judas Iscariot

The sun came out in Brighton yesterday to welcome delegates and more stars of yesteryear that have come back to haunt us including retired MENDICANT giants JOHN McCREADIE and FRANK BONNER who have joined their comrade TERRY ADAMS to give their decades of experience and advice to JANICE & Co on the question of the 2009 DGS and AGS elections. HUGH LANNING, the current DGS and a supporter of the PCS Democrats faction says that he is quite happy to stand on a joint ticket with the Grandees and swap posts with LEON BAUGH as he's only got another few years to go *providing* he keeps his current salary and all the juicy overseas trips he's been bagging for the past five years.

4TM held what purported to be a secret "victory" rally last night in that hotel with all the flags. 54 or so cheering nonentities applauded more calls for "one more push for 2009" from MOIRA CAMPBELL, RAT BOY, HOWARD FULLERSHIT and MOFFAT. There was an enthusiastic response to the report that a number of branches had sent email responses to the 4TM leaflet at Conference (the only one they've produced) pledging support. No full-timers attended. No scapegoats were sacrificed and the "silver" collection raised £110.

But that evening the hopes of millions of Chelsea fans watching their team from Brighton to Bukhara faded like the setting sun over the pier. One of them was MICKEY DUGGAN who caught the 4.00 am flight to Moscow to see his team die at the hands of Manchester United during the penalty shoot-out. Still, he's well used to the taste of bitter defeat.

We've also had to welcome the usual posse of full-time parasites from FALCONCREST including loathsome and censorious NIGEL PIERCE who was responsible for banning access to the PFL website (www.pflcpsa.com) at PCS Headquarters. Last year the apparatchiks got subbed the whole week at conference. This year the freeloaders has been judiciously cut back to just one day.

We should draw your attention to **Motion D512** that deals with the above as an equal opportunities issue. Aside from the horrendous typo "PAL CAPS" which can be put down to the limited AI of the spellchecker and a somnolent proof reader, it is a worthy motion. "D" marking means that the matter can be dealt with by correspondence, so it won't get debated today. The proposing Branch will no doubt keep us informed of progress.

More from the smirk filled rooms...

Some full-timers don't even qualify for the single day. North of the border MICHAEL McCANN is still lingering in exile where he's just been admonished for going along with a no-strike agreement between the Scottish Prison Service TU Side and Scottish Prison Service contrary to PCS national policy. PCS represents prison governors and senior managers in Scotland. McCann has also been slammed for being rude to SERWOTKA in correspondence and whatever hopes he ever had for the No 1 Scottish Officer job have been finally dashed because DANNY WILLIAMSON is going to get it when EDDIE REILLY, who's had a stroke, retires on health grounds in a few weeks time.

But well done to fellow Scot and DWP Group VP ALAN BROWN who has appeared in the *Who's Who in Scotland*, an annual biographical dictionary published since 1986 which features short biographies of "notable Scots". But the reason for his elevation is because he was mistakenly contacted by the publishers, CARRICK MEDIA, who had confused him with another Alan Brown, who is a retired senior manager in Jobcentreplus. Our ALAN filled in the questionnaire and now he's in the book, much to chagrin of JANICE who is far senior and has, thus far, failed to appear in the Scottish *Who's Who*, though to be fair, she is not Scottish.

Joel Hirsch, last great hope for London SWP

And it's farewell to TANSY FELTIS. The SOCIALIST WANKER harpy has taken voluntary redundancy and leaves the service at the end of the month. Now the hopes of the revolutionary left in London rest entirely on the shoulders of JOEL HIRSCH.

Talking of which the INDEPENDENT LEFT have launched a new whisper campaign against 4TM at Conference. CHARLIE McDONALD has recently found out that there

have been secret talks between leading members of LUNITY and 4TM in DWP over the past year. Back in September 2007 BIG JOHN McINALLY of LUNITY met MOIRA CAMPBELL and RACHEL BARROWCLOUGH of 4TM at Wortley Hall during a GEC "away" weekend in South Yorkshire. The Grandees suggested that 4TM could join the DWP BIG TENT and the NEC slate *if* their GEC members agreed to send written pledges to respect "union democracy", PCS Conference decisions and not provoke another RAMSBLADDER affair. The talks were inconclusive but they were resumed in December when ALAN BROWN of LU met WILLIE SAMUELS of 4TM. The Grandees repeated their offer but the DWP 4TM, who in any case could not speak for LES PRIESTLEY, JAKE WILDE or others outside the DWP, declined because they believed they were going to bag loads of seats on the back of what they called the Moderati "surge".

CHARLIE SLOAN (DWP BRADFORD) has once again not disappointed his fans at Conference. He's now sporting a new "individual" hair style. Last year he skulked around with a rockabilly rebel haircut like a cross between a monochrome deck chair and a racoon's arse that was the Bradford coiffure fashion for 2007. Now he's got a shaven head with a duck's arse blond quiff and his BEC wants to discuss whether he's brought the branch into disrepute.

EXCLUSIVE: SHEFFIELD BRANCH WEBSITE NOT SHUT DOWN BY HQ –

“I DID IT” CONFESSES BETRAYED WEBMASTER

(From the INDY wires: www.network54.com/Forum/600355/)

(Posted by "Alex" in response to our disclosure yesterday)

The Branch website was not closed by PCS it was closed by me. I don't know whose telephone number you have? The site is closed until the Branch can either find the funds to run the site professionally or they can find some else with the knowledge to run the site. It is with the deepest regret(sic) that I have taken this action.

The next time the Sheffield BEC make a decision to sack an officer or any one they should at least talk to them.

I consider my self betrayed, by the very people I considered my friends!

Ps Lee - I would keep a close eye on the people trying to claim other expenses such as Child Care etc.

Alex

FINANCIAL REPORT

PCS – Another World is Possible

Shareholders at the Annual General Meeting of PCS plc gave another resounding vote of confidence in the current Board and the team of directors led by Mrs Janice Godrich. Managing Director Marek Serwotka reported that PCS plc continued to show a trading profit for the past financial year. The balance sheet was equally healthy showing that the company was able to maintain satisfactory liquid assets guaranteeing the ability of PCS plc to respond instantly to any hostile takeover bids.

The Democracy Alliance asset portfolio is not exposed to the derivatives market and, as a result the company is well placed to ride out the Sub Prime storm. PCS' network of retail outlets and service stations retained their market share year despite the current UK inflationary trends triggered by the sub-prime crisis and the soaring price of Brent crude which off-set continuing losses in other sectors including the ailing 4TM plant and Planet Caucus chain which was rebranded in 2007 as the Independent Left.

Chief Accountant Dave Nobody explained that while the overall position remained stable the stark reality of the market had forced the Board to take some harsh decisions to ensure the continued success of the enterprise. Mr Kevin Kelly was released from

the Board together with his secretary Ms Sevi Yesidalli following disagreements over permissible expenses. The Board had considered proposals for the redevelopment of the Falconcrest complex over the year but at this point negotiations have stalled. The Board considered developments in Scotland following the election of the new Scottish Nationalist government and implemented a new plan which had led to the relocation of Mrs Moira Campbell and Mr Danny Williamson, who have retired from their directorships and are expected to take up rewarding consultancy roles later in the year.

Mr Nobody noted that the Board had been disappointed at the continuing poor out-turn from the 4TM plant and Planet Caucus. The Board had hoped that the recent merger with the Moderati brand would boost sales but 4TM consistently missed targets throughout the past financial year. Planet Caucus sales slumped although this had been anticipated and its continued viability remains in question.

Mr Richardson

Mr Steven Richardson (Durham regional sales) was nominated for a gold watch on his retirement in acknowledgment of his years of diligent work and loyal service to PCS plc and its predecessors.

GOOD CONQUERS EVIL IN BLOODY MASSACRE

by Mike Hemingway

LAST NIGHT the Forces of Good ambushed the Forces of Evil and hacked them to death where they slept, unarmed. And then hacked the corpses to pieces where they lay, unlegged.

However, the Good Minister of Defence today confirmed reports that there are still “pockets of Evil scattered across the globe” and these “will be actively hunted down like dogs,” and when caught, will be, “drawn and quartered by the Good people and paraded through the streets - their Evil guts spilling out over their Evil hands.”

PFLCPSA News

Agents continue to dribble in news but conference today has shrunk to an impotent shadow of its former glory. Gone are the days of pitched battles on the conference floor, with treacherous last minute loyalty transfers following shadowy deals in smoke filled rooms in the upper reaches of the Grand, or somewhere more sordid beneath the hulk of the West Pier. Delegates laboured under the fevered impression that their battles mattered in those days. They were wrong, of course, but at least it kept us awake. Today, there is no such illusion. The apparatchiks have achieved their dream of unchallenged control. The Lunatics are in charge of the asylum.

But Siblings - let us not be down-hearted. Ten years of catastrophic failure is just the beginning!

With your support and our dedication to the cause, the PFL will continue to lead the struggle to escape the tyranny of reality. **Donate your way to Victory!** Just £5 will fuel an old codger for almost an hour as he relives the battles of his youth in any one of the nearby watering holes. £10 will pay for an entire T-Shirt in the size and colour of your choice. Especially if your choice is white.

If you're new to conference, today, where were you yesterday? And have you handed your note into the Headmistress? Other than that, all you need to know is right here. If it isn't in the Communiqués, it didn't happen. It is customary, when passing the PFL distribution centre, to pay obeisance and a few coins to the Imams who will politely ignore you. Indulgences are available in return for folding money only.

Business hours coincide almost exactly with the Conference timetable. Nobody knows why. In any case, final briefing continues to take place in the OLD SHIT at 10.30 pm every evening. Late news can be emailed or phoned to the usual addresses and numbers. If you need to know them, ask an Imam.

You shall be fuel for the fire, your blood shall flow throughout the land. You shall not be remembered, for I, the LORD, have spoken.
(Ezekiel 21:33-37 NAB)

Porcine Aviation Corner

You heard it here first. If we were to succeed in persuading the Government that catastrophic data breaches can never be the subject of criminal prosecution (A76) AND we also persuade them to write off all accidental overpayments (A78) one useful consequence could be a planned increase in the number of such accidents. That's one way round the pay squeeze. The PFL commission, should anyone choose to implement this plan, is a very reasonable 1%.

Are you a victim of MIND CONTROL? No?

Ah, but if it was any good, you would say that wouldn't you!

Many people are unaware that their actions and thoughts are being directed to suit the agendas of shadowy agencies. Do you, for example, trust the NEC? or your fellow delegates? Members of other factions? Members of your own faction? Members of your own family?

Do you feel that you cannot control your life? Do you sometimes have trouble sleeping and, at other times?

If you have experienced any of these symptoms, or even none, then your mind is being controlled - Right Now. How does that make you feel?
